A line of smooth ceilings with design flexibility

THE SYMPHONY CEILING COLLECTION

FLEXIBLE COMBINATIONS

Combine Symphony, Adagio and Tufcore products for targeted acoustics within the same space

SUPERIOR DURABILITY

Enjoy flawless results and fewer callbacks with strong, scratch resistant tile

OUTSTANDING CLEANABILITY

No need to replace smudged tile – easily cleans up to factory finish

SUPERIOR VALUE

The complete range of durable, cleanable options makes CertainTeed the smart choice for any smooth ceiling application

SAINT-GOBAIN
Ceilings

FOR ALL YOUR SMOOTH ACOUSTIC CEILING NEEDS, CHOOSE CERTAINTEED.

A complete line of ultra-durable acoustic solutions with consistent look and CertainTeed workability.

SYMPHONY SOLUTIONS FEATURES

- **Flexible combinations** – uniform visual across the collection
- **Puncture and scratch resistance** for less waste during installation
- **Washable surface** – chemically cleanable to 1,000+ washes
- **Zero particle emissions** – some suited to clean room environments
- Part of the smooth texture family – can be used with Adagio and Tufcore

For speech privacy and productivity in open plan settings **SYMPHONY™ f**

FEATURES & BENEFITS

- Superior sound absorption (NRC 0.90-1.00) and optional CAC enhancing foil backing (CAC 24-25)
- High light reflectance enhances conventional lighting, which can reduce fatigue and eye strain
- Certified clean room component to ISO Class 4 (highest among comparable products)

APPLICATIONS

- Open Plan Areas
- Waiting Rooms
- Libraries
- Nurses' Stations
- Computer Rooms

For superior noise blocking from adjacent areas **SYMPHONY™ g**

FEATURES & BENEFITS

- Gypsum core with reinforced mat face
- High CAC blocks unwanted sound transfer between adjoining spaces

APPLICATIONS

- Auditoriums
- Closed Plan Areas
- Offices (with other Symphony products)
- Healthcare (with other Symphony products)

Products that coordinate with the Symphony Collection

ADAGIO: Optimal sound absorption and attenuation that can enhance space privacy compliance (NRC 0.80 - 0.90, CAC up to 42)

TUFCORE: Enhances speech privacy. Minimizes sound transfer between spaces sharing common plenum (NRC of 0.65, CAC up to 40)

For healthcare and clean room applications **SYMPHONY™ m**

FEATURES & BENEFITS

- Excellent sound absorption (up to NRC 0.75) and noise blocking (CAC 33-41)
- Exceeds FGI guidelines for cleanability and acoustic performance
- Compliant with LEED® for Schools classroom acoustic prerequisite
- Cuts clean
- Certified clean room component to ISO Class 4 (highest among comparable products)

APPLICATIONS

- Private Offices
- Conference Rooms
- Libraries
- Classrooms
- Doctors' Offices
- Patient Rooms
- Exam / Treatment Rooms

For more demanding healthcare applications **RX SYMPHONY™ f / g / m**

Acoustic performance with superior stain resistance and water repellency. Super durable and scrubbable, the RX Symphony series is cleanable with most sanitizing chemicals and wash-tested to 2,000+ cycles.

IDEAL FOR:

- Patient Rooms
- Kitchen/Food Prep Areas
- Emergency Rooms
- Semi-Restricted Surgical Areas
- Treatment Rooms
